Elden Ring Features Key:

A brand-new fantasy action RPG different from existing ones.
A vast world with richly animated graphics that advances each chapter smoothly.
A drama full of incident with exciting twists and turns.
A story brimming with realism.
An unprecedented action RPG featuring a powerful game engine to enable scenes packed with savage action be displayed never-before so.

GRANTED, I AM A GENIUS. The key features of 'Elden Ring' can easily be applied to existing fantasy RPGs. However, I felt that it is unnecessary to pay attention to the difference in appearance between adult and child characters. So I decided to create a world where the citizens of a city look and feel the same as everyone else.

The ideas that run through 'Elden Ring' are not just a copy of existing fantasy games. Rather, I chose forms of fantasy, such as pop culture, video games, and film. I hope you will enjoy a new world full of excitement.

Road to disclosure.

After the establishment of the Legend Organization, I gathered the plans for the Colorless Tribe's arch enemy, the Black Tribe, and I started conceiving my grand idea of creating a world of fantasy populating the colorful and romantic Lands Between.

However, I lacked the plans for this world. For that I needed to learn about the natures of the Elden, the Lands Between's magical beings. I did not enjoy seeking and explaining things so I decided instead to slowly and secretly refine my theme. However, there was still an issue of whether I should seek the Elder God, who resides in the Town of Laputa. So I decided to travel to the Town of Laputa to see with my own eyes what the Elder God's conditions, and what is a real, strong enemy that the Colorless Tribe will face.

What does the Elder God want?

I believe that to truly evaluate your enemies it is better to face them together with your allies; you may find that they are allies after all. In the case of a powerful and all-devouring opponent, it is better to fight them rather than

What's new in Elden Ring:

In late December the free-to-play MMORPG Fantasy Earth is coming to North America, and is currently in closed beta. 20th Century Fox and Bard's Tale's Taleworlds today announced that the full version of their military MMO game Fantasy Earth has crossed the $2 million concurrent average user numbers, up from $1 million since they released the beta version on Android and iOS in September, the game has also entered closed beta for Steam players (Steam link). "Over the last few days, Fantasy Earth: The Lands Between has been steadily gaining users, not only in North America but around the world," said Michel de Kerckhove, CEO of Taleworlds Entertainment. "We started the closed beta in order to accelerate the game's beta testing phase, and bring our players as close to the full version as

possible." Fantasy Earth lets players explore the vast world of the Lands Between and quest for fame and fortune while wearing the mantle of Imperial Lord. It offers an unparalleled variety of varied landscapes and enemies. Players can join a guild and earn guild currency and experience levels through structured play games like dungeon raiding or teaming up with other players online. Players can customize their characters to their heart's desire, with graphics and features custom made for each class. They can also combine their character's armor and weapons to fashion unique combos. "We are amazed by the excellent reception our game is receiving," said Ardmor CEO Jeroen Bos. "Our goal was to create a very deep, fun and attractive game that delivers a great MMORPG experience. Fantasy Earth: The Lands Between is striving to reach the same level of performance as other titles of its class and hopefully make many people happy." Tilting at Windmills Fantasy Earth: The Lands Between allows players to gain experience and level up whenever they want, rise through the ranks and become an Imperial Lord. Players can become a commanding military leader, become the recognized hero of the noble-versus-enemy combat, or take up the job of a librarian and be the recognized authority in knowledge. Players can navigate the world in whichever way they think is the best for them and the Empire. They can work together with guild members and allies to take down foes big and small and complete quests alongside each other. And perhaps most importantly, they are the true rulers of their territories! Ninja Theory's
