In the aftermath of the final battle of the Great War, humanity finds itself fractured and in desperate need of leadership. However, the Earth suffers from a severe power vacuum, the Sun has changed into a red giant and has ejected the habitable planets around it, and the electromagnetic pulse has left the world a bleak wasteland of dark skies and cracked landscapes. In the far reaches of the Solar System, beyond the orbit of the outer planets, lies the stellar remnant known as the Gate of Twelve Suns. Humanity has long tried to prevent it from falling into the hands of the nefarious Dusk Elves, a notoriously xenophobic group that rules the nearby Dead Suns constellation. The Dusk Elves had been the first to discover the stellar remnant, and they have vowed to use its immense energy to re-create the star-spanning empire they once ruled. They have called the newly re-ignited sun the Arcanus Algol, and it is here that humans must discover how to protect the Gate of Twelve Suns...or die in the attempt. Now is the time to stake your claim for glory. Establish a home on the planet Darwinia and shape it into the New Eden you have been promised. Will you go forth as mercenaries to seize the Gate of Twelve Suns from the Dusk Elves? Or will you go as visionaries to shape a new galaxy into what you believe it should be? Starfinder: Secrets of the Starfinder Adventure Path offers new campaigns to begin in 2018, complete with new stories, worlds, and characters to create. The complete story will also be released as a series of connected modules, each representing one of the Starfinder adventure paths. Just like the eight-book saga of the Pathfinder Roleplaying Game, each Adventure Path can be played separately, or even multiple Paths can be combined to take on the big threats facing the Starfinder universe! Also included in this product: Advice on how you can continue your campaign past the final encounter and details on the devastation inflicted on the galaxy should the heroes fail, as well as new encounters, maps, descriptions of alien cultures, and new starship technology and starfaring creatures. These and other incredible books are available for purchase in the Starfinder Roleplaying Game store on DMsGuild! This product contains rules and guidance for the Starfinder Roleplaying Game, as well as the following options: Empire of Bones (Dead Suns 6 of 6) by Owen K.C. Stephens. Advice on how you can continue your campaign past the final

Most older books are in scanned image format because original digital layout files never existed or were no longer available from the publisher. For PDF download editions, each page has been run through Optical Character Recognition (OCR) software to attempt to decipher the printed text. The result of this OCR process is placed invisibly behind the picture of each scanned page, to allow for text searching. However, any text in a given book set on a graphical background or in handwritten fonts would most likely not be picked up by the OCR software, and is therefore not searchable. Also, a few larger books may be resampled to fit into the system, and may not have this searchable text background. For printed books, we have performed high-resolution scans of an original hardcopy of the book. We essentially digitally re-master the book. Unfortunately, the resulting quality of these books is not as high. It's the problem of making a copy of a copy. The text is fine for reading, but illustration work starts to run dark, pixellating and/or losing shades of grey. Moiré patterns may develop in photos. We mark clearly which print titles come from scanned image books so that you can make an informed purchase decision about the quality of what you will receive. Original electronic format These ebooks were created from the original electronic layout files, and therefore are fully text searchable. Also, their file size tends to be smaller than scanned image books. Most newer books are in the original electronic format. Both download and print editions of such books should be high quality.@R37]). However, subsequent PET studies demonstrated that humans also have this bias, suggesting that values are learned, and therefore innate neural biases could also be involved in the formation of moral norms. Starfinder RPG Starfinder - Dead Suns 6 of 6 By Owen K.C. Stephens and John Compton Buy this content From \$7.99 This content requires an active license or subscription for Fantasy Grounds to download and use and the Starfinder Ruleset. The universe is dying. The stars are running out. The living stars of the Living Stars Campaign, the galaxy's premier interplanetary species, are literally being eaten alive. They've been receiving reports of rogue pilots committing suicide and fleeing to the other side of the galaxy, sure that their only future is annihilation. Their intrepid explorers are racing to the stellar heart of the galaxy, the Gate of Twelve Suns, to investigate. To the explorers' surprise, a vast, armada of starships forms at the Gate's galactic rim, towering over the alien superweapon that now threatens all life in the galaxy. These ships are the undead fleet known as the Corpse Fleet, intent on taking control of the Stellar Degenerator. It's up to the intrepid heroes to pilot one of these starships on a desperate mission to end the threats of both the living stars and their undead enemies. The heroes will need all their skills and experience to survive the ordeal. But the success or failure of their mission will either save or doom the Living Stars. Will they live to see the end of the day, or will their valor be short-lived in the face of evil? Only time will tell, and only you can help your heroes find their way to victory or defeat in this thrilling conclusion to the Dead Suns Adventure Path! Digital Download Includes: Adventure (pdf). Treasure Pack (pdf). Videos (mp4). Art Book (pdf). 4 pages of supplemental rules. Recommendations The system and game components featured in this product are not compatible with the following products: Starfinder RPG: Dead Suns 6 of 6. Starfinder RPG: The Living Stars. Starfinder RPG: The Living Stars Campaign Guide. Starfinder RPG: The Living Stars Campaign Guide. A near-death experience. If your heroes have battled the undead fleet, destroyed a starship, and even confronted the danger that now threatens the Living Stars, they're certainly getting closer to the end of their current campaign. But as they draw closer to the hope of saving the Living Stars and defeating their fiercest

TL;DR?: A Starfinder sports action/adventure framework on an economy-stopping scale that even Pathfinder can't pull off right now. Foundation For those of you unfamiliar with the Starfinder setting, Dead Suns, by Will Miller, is making the transition from sci-fi to sci-fi-fantasy with a familiar plot focused on the Starfinder universe's first cislunar human colonies. Like the Pathfinder RPG and Brave New World futures, humans are discovering intelligent alien races with whom they share a cooperative symbiosis. This is the story of an interplanetary investigation where a rogue expedition of high ranking citizens are on the trail of a plot that could change the balance of power in the Starfinder universe. [NOTE: the following ties into the preceding paragraph. SPOILERS.] Dead Suns details an alternate timeline in which a deranged ex-Inquisitor named Zurgo Autler might have discovered the weaknesses of his Underdark allies and killed them without the presence of another rogue humans. This mysterious timeline is at issue during the investigation story. The game features pre-written side missions and character plot lines that tie into the current plot. The first adventure module is projected as a free-to-play download and doesn't require a Pay-to-Play service to play. The exchange rate is stellar, given the recent forecasts for Starfinder, and now beginning to rival the Pathfinder RPG's exchange rate. A few weeks ago, Starfinder had a \$39.99 expansion in mass market media drive the exchange rate up to \$132.22 before falling to the pre-Psychosis \$95.55 this morning. At the time, Wednesday, the estimated exchange rate for Starfinder was ~\$125. That's a return of ~30%. The Hollywood Reporter is predicting a \$60m-\$80m budget film run by Simon Kinberg's Genndy Tartakovsky who is best known for his Samurai Jack, Applesseed and Dexter. The game's updated crowdfunding campaign has raised \$75 million in 3 days. Starfinder's best return is currently at \$115, putting it at ~25% of its history high in three months. In a quick \$25 order, I subscribed to the ebook, which comes with a pen drive containing In Person Enc
